Juma (Friday) Speech by Sayed Mahmood Madani
28th of October, 2011

Praises and thanks are to the God who is Sufficient for a person who seeks His help. And, He guides the one who asks to be guided. And peace be upon Muhammad and His Ahlul-Bait and curses be upon their enemies.

Virtuous

I advise myself and you to be pious. I also warn you from the punishment of Allah in the hereafter. Truly he is most kind when it is the time of kindness and also he is a hard punisher when it is the place of anger and wrath. Allah has said: “”. So, Allah’s servants haste to his kindness and his mercy and his heaven, but have fear and avoid his wrath and punishment. We ask Allah to make the conclusion of our life as good as blessed and prophets, not those who are trapped in his anger and those who lost.

Great Events

We send our sincere condolences on the sad martyrdom of Imam Javad (A.S) to the Imam of our time, Imam Mahdi (A.S) as well as the grand Ayatollahs and also the leader of the Islamic revolution of Iran, Ayatollah Seyed Ali Khamenei. I also send my condolence to all of the Islamic Ummat and to all of you. We ask Allah to help us to know his morality and his traditions that was exactly like prophet Mohammad.

Also I want to remind you the first ten days of the month of Zelhajeh. We have in hadiths that it is the best time of worship during the year, and the first day of these days is the anniversary of wedding of Imam Ali and the Fatimah Al-Zahra, so because of this happy event, in Iran it is known as the special day of Marriage. Because of this day I want to point out some point about marriage.

First of all Islam always recommend the marriage and it is discourages singularity. Allah has said in the Quran:””. Even the prophet has ordered Muslims. Imam Ali narrated that prophet said a lot: anyone who wants to follow me, he must marry and marriage is one of my traditions.

Secondly, unfortunately lately in the Islamic countries the age of marriage goes higher and higher, and the norm of the marriage age reached an unnatural age and it is completely against what Islam ordered. Our prophet said, “Anyone who marry in his young age, shaitan will scream and he says “damn, damn. He saved two thirds of his religion!”

Thirdly, as marriage is a good thing in Islam and is encouraged, introducing to each other for marriage is a good and is encouraged as well. Anyone who gets two people married, Allah will look at him on the Day of Judgment. Imam Hussein has also said: anyone who

marries and upholds ties with his relatives, Allah will place a crown on his head like a king's crown. One of the most important factors is marriage and selection of spouse, one who cares about religion and she has true correct beliefs. It has been narrated from Imam Jafar: "whoever gives his daughter to a someone who does not have the same religion as his daughter, severe ties with her."

Imam Hasan replied to someone who asked about some advice about his daughter's marriage: "give her to someone who loves her and is kind to her. If he gets angry at her, he doesn't oppress her." And also Islam severely discouraged marriage just for wealth and fame. The prophet has said: "people marry for 4 reasons: wealth, beauty, religion and fame. I advise you to marry people for religion."

We pray to Allah to give our youth the tawfeeq that they marry youths who are pious and we ask god to help them to raise good generations those who become the helpers of Imam of our time and we also we congratulate people in Tunisia for the elections that is the new success for their revolution.

We pray that they achieve the main law according to Islam that makes grants them freedom and a comfortable life in the shadow of Islam.
